Not interested in cooking or serving food? Childcare not your thing? IHN Alpha House has other needs you may be able to help with:

- Redecorating or remodeling? Gently used furniture is needed for families moving out of temporary housing at Alpha House and into their own rental homes.
- Do you drive a truck? Alpha House is putting together a list of volunteers with trucks who are able to assist families with moving their furnishings into their new homes.
- Do you own a home in Washtenaw County that you are thinking of converting to a rental property? The Rapid Rehousing program at Alpha House is looking to partner with more local property owners to increase the number of available rental homes for their temporary residents to move into.
